Oral health knowledge is considered to be an essential prerequisite for health related behavior, although only a weak association seems to exist between knowledge and behavior in cross-sectional studies, nevertheless studies have shown that there is an association between knowledge and better oral health. Why Are the Mouth and Teeth Important? Every time we smile, frown, talk, or eat, we use our mouths and teeth. Our mouths and teeth let us make different facial expressions, form words, eat, drink, and begin the process of digestion. The mouth is essential for speech. AGFTC and ITBA always take positive steps for the best health of its members and their families. This time we have joined hands with Dentasculpt dental clinic for free dental checkup. Dr Nishit Soni and Dr Ujjawal Soni were gracious enough to give their consent for this camp for the whole month. Members and their families have taken benefit of this camp. Some have been also advised for further treatments for better health of their teethes.

Program No.	12
Date	13-06-22 TO 19-06-22 , MONDAY TO SUNDAY
Subject	SEEDBALLS PLANTATION MOVEMENT WEEK
Activity	PLANTATION AWARENESS DRIVE
Jointly with	INCOME TAX BAR ASSOCIATION, AHMEDABAD ISHWARLAL MOHANLAL SHAH CHARITABLE TRUST

Seed balls are also the best and most convenient way of dispersing seeds for guerrilla gardeners as well as those with achy backs. With seed balls, you can propagate plants and trees from seeds, without the need for opening the soil with cultivation tools like a plough. The seed ball protects the seeds from the hungry mouths of small animals and birds. Rain breaks down the clay and the humus provides necessary nutrients for the young seedlings. A seed ball (or seed bomb) is a seed that has been wrapped in soil materials, usually a mixture of clay and compost, and then dried. Essentially, the seed is 'pre-planted' and can be sown by depositing the seed ball anywhere suitable for the species, keeping the seed safely until the proper germination window arises. With this noblest object in mind and on the eve of AZADI KA AMRUT MAHOTSAV as well as 75th anniversary of independence three institutions have decided to plant 7500 Seed balls in a week. We have received tremendous response in the plantation and some of the seeds have been sent to Jamnagar, Goa and Rajasthan also. We deeply thank Shri Nileshbhai who has prepared the seed balls in a very short time and gave us for the distribution. We also thank Shri Dipakbhai from Lions Jodhpur Hill for his support. We also express our gratitude to Shri Ashutosh Thakkar, Chairman of Social Responsibility Committee for his unconditional support.

Program No.	13
Date	16/06/2022 , THURSDAY

Activity	WEBINAR
Subject	ALTERNATIVE DISPUTE RESOLUTION : THE FUTURE OF LITIGATION
Speaker	ADV PARAS SUKHWANI

Alternative dispute resolution (ADR) refers to the different ways people can resolve disputes without a trial. Common ADR processes include mediation, arbitration, and neutral evaluation. These processes are generally confidential, less formal, and less stressful than traditional court proceedings. The most common forms of ADR for civil cases are mediation, arbitration, neutral evaluation, settlement conferences and community dispute resolution programs. In the era of litigation it is not always advisable to carry on with the disputes for long as it involves wastage of precious time, energy, money and it causes too much mental stress. As a professional we should always try and help the speedy disposal of cases either through courts or through ADR mechanism. With this object in mind it is thought to bring an ADR expert who provides a good knowledge about ADR mechanism to our Tax Professionals members. Invited faculty is an expert of ADR and his three generations exclusively involved in this practice. He gave an excellent speech quoting real life cases. Members who have attended appreciated his speech. We wish him best of the future. We express our deepest gratitude to CA Ashish Tekwani for bringing this expert on the platform of AGFTC.

Subject	VISIT TO CHINMAY - RESIDENT INSTITUTE FOR MENTALLY CHALLANGED
Activity	CARE AWARENESS FOR DIVYANG
Jointly with	INCOME TAX BAR ASSOCIATION, AHMEDABAD INCOME TAX BAR ASSOCIATION LADIES WING SHAPES ACT OF KINDNESS ISHWARLAL MOHANLAL SHAH CHARITABLE TRUST

Someone who is mentally handicapped is not able to learn or develop skills at the same rate as most other people because they have a problem with their brain. It is now considered more polite to say that someone is learning disabled or that they have special needs or learning difficulties. Disabled person, person with a disability. Mental handicap. This is a stigmatising term. Intellectual disability. 'CHINMAY' Resident Institute For Mentally Challenged was established in 1998 under the auspices of Bharat Lokhit Seva Samiti Trust. The organization was founded with the aim of working towards the welfare of children, women, old aged, physically and mentally handicapped and under-privileged classes of the society. It serves these underserved sections with the philosophy of "Service to human is service to God". In its endeavor to reach out to those population of the society that are still not able to enjoy the benefits of overall development and growth it was realized that those with mental retardation and Persons with Disabilities are the ones who need attention both in terms of investing in their talents and also to help them grow with dignity. As a society we have just isolated them, at the most sympathized with them but not actually supported them. It emerged that in our society very few programs or projects are having targeted intervention for mentally challenged. Hence with the mission of making the mentally challenged self-reliant by all means and enhancing the quality of their life CHINMAY was formed. Organization caters to all children and at all levels of retardation, irrespective of religion and territorial backgrounds. Bearers of six institutions have gathered with noblest object to spend their time with these Divyang children. They were so happy seeing us and children felicitated each guest with flowers. Than all the guests did garba with chidren and served them foods. Founders of Chinmay showed and explained all the rooms, children daily lifestyle, their activities, their living etc. in a detailed way. Donations of Rs. 50000/- and food materials gathered from the visitors of six institutions. Ishwarlal Mohanlal Shah Charitable Trust donated Rs. 25000/-, Shri Bhakti Mehta, Chairperson Ladies Wing and Shri Dhruvin Mehta, President donated combindly Rs. 15000/-, Shri Kartikey B Shah, President donated Rs. 5000/- and Shri Chetan Pandit donated Rs. 5000/-. Subsidies can help lower the prices of goods produced by businesses so they can remain affordable to consumers, which can promote economic growth. Inflation control: The government can give subsidies to offset production price fluctuations and ensure prices remain low and affordable for consumers. Under the initiative of Make In India by Central Government under the visionary leadership of Prime Minister Shri Narendra Modi, to give boost to the manufacturing sector many incentives in form of subsidies have been introduced by Central as well as State Government. As a State Gujarat is very ambitious and co-operative in offering various subsidies for different sectors. As tax professionals we must be having knowledge of this area and we should pass on benefit of our knowledge to our manufacturing clients. With this object in mind we have invited a young Chartered accountant who has an expert knowledge in the areas of various subsidy schemes.
